

# Are you over 60 years and full of great ideas?

Life doesn't end, when you retire! It is at this moment that life begins!  
See how you can brew on your big life experience and contribute to improve the local  
community at [www.seniorsocialentrepreneurship.eu](http://www.seniorsocialentrepreneurship.eu).

# If you want to improve society

Then it is Erasmus+ project Senior Social Entrepreneurship you should be involved in. Senior Social Entrepreneurship is an EU project, which has the purpose to engage citizens over 60 years to redecorate the local community with own ideas and projects.

The local communities elderly has a life experience, which can't be compared to others. The elderly citizens has also encountered lots of challenges in the community throughout their years. This is something they should be proud of and it is priceless for the community!

The group of participants in the Erasmus+ project invites citizens over 60 years to join for a talk in the local group of seniors. At the meetings we share ideas and experience with each other.

The only requirement for participating is the desire to improve the local community and be a part of a network, where you share thought, ideas and potential projects with other participants in the project. It applies both locally and internationally, as the project is a cooperation between 8 partners from different European countries.

If you want to hear more about the project, feel free to contact us at [sclas@aarhus.dk](mailto:sclas@aarhus.dk) or call +454185 5075.

You can also contact one of our active participants to hear more about their experience of the project:
